Operations at our plant in relation to the Tohoku Kanto Earthquake

Isuzu Motors Limited express our deepest condolences to all peoples affected by the Tohoku Kanto Earthquake occurred on March 11.

We will put the maximum effort toward support of relief operations at damaged areas. Also, we will fully cooperate with savings of electricity in order to help securing electricity supply.

In this regard, we decided to suspend our plant operations until March 18.

Operations after March 18 will be determined based on the situation at that time.
